SEASON
2021

EMPOWERED BY  **YAMAHA**

PLEASURE AND PERFORMANCE WITH CROSS

Our Cross collection continues to be strong for the new season, offering a comprehensive selection of boats for both pleasure and connection use. The star of the show is the new 75 Bow Rider, which has a modern hull design and features that take boating to a whole new level, like the Q wide touchscreen and Digital switching.

The durable yet stylish and comfortable boats are designed to provide high performance and ease of use, making the boating moments fun and carefree, not forgetting the thrill of the speed. Whether it's a fun water sports filled day, a family outing or a fishing trip with a group of friends, our Cross collection has the answer. Welcome to visit your nearest dealer or see us at the next boat show!

SAFETY

Your safety and that of your friends and family is important to us. Yamarin Cross boats are designed with safety as a top priority, and all the boats go through extensive tests in various conditions for hundreds of hours. The boats are optimized in every aspect from seating comfort to minimal fuel consumption, to guarantee a perfected and pleasing entirety. With the combination of an aluminium hull and fiberglass deck it is ensured that the boat is not only safe, but both durable and comfortable, and has a sleek and finished overall look. Driving characteristics of Yamarin Cross boats include a steady feel with easy handling, and provides an enjoyable way to spend time on the water for everyone, no matter the weather.

HIGH PERFORMANCE AND DRIVING PLEASURE

As an owner of a Yamarin Cross boat you get to enjoy the boating season longer than most. You can begin the season right after the thaw and continue to enjoy the waters well into dark autumn nights. Cross boats are multifunction boats that adapt to almost any activity, from water sports to fishing trips. The aluminium hull makes the boat extremely durable and suitable for almost any weather, and provides a carefree boat ownership. Extra comfort and style is created with the fiberglass deck, as it gives the boat a finalized look and adds a nice feel to the cockpit and social area. Distinctive for Yamarin Cross boats is their superior handling and performance, which guarantee a predictable boat that is pleasurable to drive each and every time.

BEST OF BOTH WORLDS

Yamarin Cross has found its way into the hearts of boaters. Yamarin Cross combines the durability of aluminium boats with the comfort and sleek style of fibreglass. The boats are stylish, easy to take care of and made for serious fun, and can be trusted to help you make the most of your summer maritime activities. Yamarin Cross is a reliable choice with a heart that is pulsating performance. It provides enjoyable manoeuvrability for the skipper and ensures that the whole party travels in comfort and safety on the water. Therefore, it is no wonder that Yamarin Cross boats have been comparison test winners in Nordic boating magazines.

CROSS Q – COMFORT AND SAFETY AS STANDARD

Cross boats are designed to provide you with unforgettable moments and endless possibilities to spend time on the water. Whether it is water sports filled with speed or chill picnic days with friends, the main goal is to make it as accessible, effortless and easy as possible, regardless of how experienced boater you are. The Cross Q infotainment system does just that, makes boating fun and stress free for everyone, by helping you handle the boat in a completely new way.

All-in-one, easy to use powerboat user interface

The Cross Q infotainment system combines an on-board computer with a chart plotter and a diverse entertainment system, putting all the essential information and functionalities in one place. The intuitive 10" touchscreen makes navigating feel like a breeze, as you can adjust the settings to fit your needs the best, and for example zoom the map and measure the distance between two chart points with just two digits. On the screen you can have all the vital information conveniently visible at once, from engine status and battery level to real-time local weather reports, helping you to stay on top of the game at all times.

Combination of entertainment and ease of use

By connecting your phone to the Q system via Bluetooth, you can even stream your favorite music from your music app and see your incoming calls on the Q display. Thanks to its always-online functionality, Cross Q will automatically download and install the latest software updates, ensuring that you are continually enjoying the cutting edge of boating features. Also, all additional boating material – such as maintenance and service manuals, along with various guides – are preloaded and easily accessible for a quick recap or for learning new skills. Cross Q is also fully compatible with NMEA 2000 boating standards.

A day out on the water should always be fun, easygoing and above all, safe. With the help of Cross Q infotainment system all the time and energy can be concentrated in something else than complicated and tedious functions. Cross Q lets you enjoy your boat, helps you relax and gives extra confidence to handling the boat. Even as an experienced boater it offers new possibilities and freedom with its modern features.

CROSS Q TECHNICAL INFORMATION:

- Boat manual and motor manual as well as instructional material
- Automatic updating through the Internet
- AIS, echo, Fishfinder, remote control and radar compatibility

EMPOWERED BY YAMAHA

Yamarin Cross is a highly valued boat brand with products that combine reliability, comfort and timeless style. The brand's quality is also strongly associated to Yamaha, which has helped make Yamarin Cross such a popular boat brand in Scandinavia.

EmPowered by Yamaha is more than a message about Yamarin Cross's performance. It is a promise that empowers. The promise speaks of how both the boat and its driver achieve entirely new experiences, together. Experiences, which are only possible with Yamaha.

NORDIC QUALITY FOR NORDIC CONDITIONS

The hulls of Yamarin Cross boats are made of aluminium alloy, which can withstand blows, scratches, and bottom contact better than other boat construction materials. Yamarin Cross also does not gather moisture, burn, crack or rust. It endures extreme Nordic weather conditions well, which allows you to continue boating well after others have laid their boats up for winter. In addition, the hybrid construction – with an aluminium hull and a fiberglass deck – not only ensures a sturdy construction, but also minimised hull noise.

VERSATILE RANGE

Yamarin Cross boats were launched onto the market in 2011 and the current range includes seven different models. Inspired by the range's success, we continue product development with our customers' needs in mind. We want to offer an extensive range from which every boater can find the boat of their dreams. Yamarin Cross serves as a reliable companion on versatile outings with friends, but is always up for a challenge when there is a need for speed.

49 BOW RIDER

With the agile Yamarin Cross 49BR, you can get to your summer cottage or favourite harbours in a flash. Vaunted for its practical features and spaciousness, the sleek 49BR has emerged as a firm favourite in the Yamarin Cross range of the Nordic countries. Its roomy interiors allow you to bring along both cottage and fishing equipment – making this one irresistible bowrider.

NEW

75 BOW RIDER

The completely renewed flagship model 75 BR is a modern and enhanced version of its popular predecessor. Modern hull design and carefully thought-out updates and details make sure this over 7-meter-long flagship works perfectly in any weather. There are spacious social areas both in the aft and in the bow, and the wind-screen gives protection to the passengers even on the back seat. It is safe and easy to move through the boat, as all the routes and steps are thoroughly planned and placed. The stylish Q wide with Digital switching perfects the experience.

STANDARD EQUIPMENT

60 CABIN

The cabin-equipped Yamarin Cross 60 Cabin works marvelously for sports fishing or as a tender. With a spacious bow area facilitating both loading and unloading, the wide centre aisle of the 60 Cabin makes it easy to get around the boat's interior. Large windows and a roof hatch on the driver's side provide the skipper visibility in all direction, while the cabin offers ample space for passengers and equipment. To top it all off, Yamarin Cross 60 Cabin is also available with outside steering.

All Yamarin Cross models are CE approved and the boats belong to category C. Factory-equipped Yamarin Cross boats are equipped with Cross Q infotainment system, a Y-COP outboard protection, a remote control and remote control cables. The motor installation bolts are installed at the factory. The boats in the brochure have been specially accessorised. There can also be some differences in the models of various countries, so be sure to check with your Yamarin Cross sales representative to find out about the basic accessories for your chosen boat. Production engineering can cause fluctuations in the weight, dimensions and performance of boats. All rights reserved.

Prices are recommended prices and include VAT. Inha Works Ltd. reserves the right to change model, colour, trim, equipment and pricing without prior notice. Standard equipment may vary slightly from country to country. Brochures and web images display options and accessories that are not standard equipment. Performance data is indicative only. Ensure delivery contents from your local dealer.
